Mr. George Inness, jr., who has drawn two pictures for this story, is a new not a retrograde a stationary population. has drawn two pictures for this story, is a new acquisition to the ranks of illustrators. In an illustrated paper on The Last Indian Council on the Genesee, David Gray, of the "Butfalo Courier," describes the remarkable meeting in 1872 of the grandchildren of Red Jacket, Joseph Brant, and Cornplanter, and described by the London Times's and population. A fact is cited by the London Times's correspondent which upsets the assertion that periodical famines and pestilences and unexplored and unexplor descendants of other celebrated chiefs. Rich- marks on this head, the correspondent pierced its mysteries, and ascertained that haste, the bullets rattling around him as mond since the War, is the title of an illustrated paper by R. W. Wright, in which the pluck and prosperity of the Virginia metropolis are spoken of with enthusiasm. The success which has attended the effort of Virginia metropolis are spoken of with enthusiasm. The country, but, as a matter of fact, the most most populated of the most populated of t ginians to solve the problems of education is also described. Miss Stuart has a paper of Anecdotes of her father, Gilbert Stuart, the painter, which is said to be much more interesting than her former article, which attracted so much attention. Charles Barnard writes of Plate Locks and Paisley Shawls.
Other so-called timely papers are The Nether Side of Life Insurance, by Julius Wilcox, addressed to holders of policies; The Mormon tal to the raising of prices of food from Theocracy, by J. H. Beadle, who thinks that 100 to 200 per cent. above the ordinary polygamy is not the principal factor in this Method (with the liquor traffic), by Charles M. Bliss. The Depths of the Sea is the title of a popular science paper by Mrs. S. B. Herrick, who draws her own illustrations on the block. Nicholas Minturn, Dr. Holland's serial, which is continued in this number, will be completed in the present volume. Miss Trafton's new story, His inheritance, is to begin in the August number. Among the contributors of poetry are Philip Bourke Marston, H. H., Paul H. Hayne, R. R. Bowker, and Edgar Fawcett. In the Editorial Department, Dr. Holland discusses The Future of American Politics, The New Temperance Movement, and The able to add largely to her exports of

Pauper Poison. The Old Cabinet writes of Spring, Allston's Dead Man, The Truth-Teller, Gambrinus, Conscientious, Work Stage-Struck, The Barber, A Personal Resemblance, struck, The Barber, A Personal Resemblance, and Love and Death, the last a poem, Home Society is given up to Public Squares and Public Spaces, by Colonel Waring, and House and Home Building. The book reviews in Culture and Progress include The American, Birds and Poets, Froude's Short Studies, Miller's Questions Awakened by the Bible, etc. The World's Work is entirely occupied with the discussion of a chean substitute for coal and wood, under the head of Gaseous Fuel, which the writer thinks is the desidera-Whispered Secret, and verses and sketches of the usual character.

The editors, expect that The Midsummer Holiday (August) Number will surpass the attractions which made its predecessor of last year such a success
